TRAIN SERVICE ON FEB. 23 (?)

Calgary News-Telgram States That
Service Will Start

REPORT IS CONTRADICTED HERE

Calgary, Feb. 10, 1914.—Official notice has been received by Niblock and Tull, ticket agents for the G. T. P. in Calgary, to the effect that February 23 the company will open a two-train-a-day passenger service into this city. One train will leave for the north early in the morning and another at 10 o'clock at night. The trains arriving in the city have not been scheduled up to the present time, but the company is arranging for one that will arrive here at about 10:30 in the morning and another some time during the afternoon. The railway will use one of the old barracks for a temporary station until the new building is erected.

The train leaving the city in the evening will be a full passenger train carrying sleepers and diner, while the one leaving in the morning will likely be a mixed train.

The freight service will also be started on February 23rd and two trains a day will be scheduled.

These trains will run daily

until such time as the company sees fit to add to the schedule.

Niblock and Tull are now enlarging their office capacity in the Grain Exchange building. They will be the official ticket agents for the G. T. P. in the city and will also handle the express. The telegraph service for the company will also be managed from that office.

All trains leaving Calgary will make connections with the main line trains going east and west. The coaches will be the best and most modern now used on the railway and the last accommodation being arranged for passengers travelling over the new line. The first train will likely come from the north Monday morning, February 23, and will carry officials of the railway.

The company will start at once to erect the frame building which will be used as a temporary depot until the \$350,000 building is erected on the site at the east end of Eighth avenue. In this building there will be waiting rooms, and an office for the station agent and his staff.

Further particulars regarding the exact time of all trains leaving and arriving will be made public this week by Niblock and Tull and it is the intention of the company to so arrange the schedule that the service will be satisfactory from the start.

On making enquiry at the local G. T. P. train dispatcher's office we learn that no word of the proposed train service has been received, and that it was hardly possible to inaugurate a two-day passenger service without some instructions being received here.

A bridge and building outfit and truck laying outfit went south to Calgary late last Sunday night to erect a temporary depot and this has probably given rise to the report.

TOWN AND DISTRICT NEWS

H. J. Raymer and G. A. Calvert were business visitors to Edmonton last Wednesday.

Rev. J. W. Chapman, of Bashaw, spent last Friday evening with Rev. Upton.

The whist drive given by the ladies of the Mirror Library Club last Wednesday evening was one of the most successful held this season.

Although the parcel post system went into force last Tuesday no one in Mirror has taken advantage of the cheap rates so far.

Mr. and Mrs. J. E. Steers, of Bashaw, Alta., were in town last Wednesday.

Sam Beeman is very sick with an attack of rheumatic fever. He will be taken to the Mirror hospital for treatment.

A meeting of the Mirror Business Men's Association was held last Monday evening.

Bills were printed at The Journal office this week for a monster auction sale at G. J. Estell's place, South Buffalo Lake, on Monday, March 2nd. Col. Rohrer is the auctioneer.

W. A. Fuglin, of Watrglen, Alta., was in Mirror on Friday of last week.

Rev. E. J. Tate, of Clive, will be in Mirror on Wednesday of next week to attend a business meeting of the Methodist Church in Mirror.

RURAL SCHOOL CON- SOLIDATION

The Matter Will Be Explained By
Inspector Thibaudeau

MEETING IN MIRROR SCHOOL

A meeting has been called for next Monday night, Feb. 16, to consider the consolidation of rural schools at Mirror. School Inspector Thibaudeau, of Lacombe, will deliver an address.

It has been suggested that the Ripley, Lake Bend and part of the George school districts, together with the unorganized district to the west of Mirror, might possibly be united into one district with Mirror as the centre. The advantages to be derived from rural school consolidation will be explained, and all persons interested in question are urgently requested to attend.

MEETING IN BASHAW SCHOOL

On the following evening, a meeting with the same object in view will be held in the Bashaw school house. If the proposition is carried out, the Jarvis Bay, Whitebrush and part of the George school districts will be consolidated into one district with the school at Bashaw. Mr. Thibaudeau will address the meeting on Tuesday also.

Chas. W. Frederick, formerly editor of the Alix Free Press, was a Mirror visitor this week. He is at present with the Edmonton Bulletin.

Board of Trade next Tuesday evening.

BASHAW DEFEATED BY MIRROR

In A Heavy Body - Checking, And
Exciting Contest

FAST GAME THROUGHOUT

And once again Mirror slipped one over on their neighbors to the north, when on Monday last they beat the Bashaw hockey team by a score of 4 to 2 on the Mirror arena. The visitors came down with unbounded confidence in themselves, and with the expressed object of trimming the locals to a peak and then polishing it off. Did they do it? They did not.

The Bashawites were strengthened by Charlesworth, who tended goal for the famous To-field Silver Seven, and "Smoky" MacDonald, of the coal-producing town - consequently the large contingent of vociferous Bashaw camp-followers were kind enough to offer their condolences to the local green-clad exponents of the winter game of hockey.

Things certainly did look rosy for the visitors when in the opening period they notched the first goal, and Bashaw spirits (not the kind that is imbibed) went up anywhere from 1 to 1000 per cent, or even more. There was a slight decline when after a few minutes, play Mirror evened the score, and after that they gradually sank until in the final period they registered normal again. At the close they were away below par and still sinking.

The game was by no means a good exhibition of hockey. There was little combination on either side, although Bashaw excelled slightly in this department. In body-checking Mirror outclassed their opponents so far that there was hardly any room for comparison, and in checking back they were better than the visitors. Owing to the narrowness of the rink, individual rushes were blocked before the puck-juggler could get within shooting distance. Both teams scored one goal in the first twenty minutes of play; Mirror notched two in the second; and each team again tallied one in the final.

The Mirror players—who occupied positions on the scorer's bench of two minutes' duration, were: B. Tulloch, 2; Suggett, 1; Morkley, 1; P. Tulloch, 3. No Bashaw men were penalized, though they were far from being blameless at times. All told, Mirror players spent fourteen minutes on the fence, and at one time were playing five men to seven.

The game was an exciting one from start to finish and the spectators received good value for their two bits. The teams:

Mirror—4 Bashaw—2

Suggett point Holt
P. Tulloch c. point Jarvis
Calme rover Whitby
P. Tulloch for McDonald

Next Sunday, Feb. 15th, Rev. R. Upton, of Mirror, will exchange pupils with Rev. J. W. Chapman, of Bashaw, who will conduct the service in the evening.

NO FAVORS, BUT FAIR PLAY

"We do not ask for favors,
but merely for fair play." In
that quotation from the tariff
memorial presented to the De-
partment by the Dominion
Council of Agriculture, repre-
senting the organized agricul-
turalists of Western Canada
and of Ontario, is summed up
a whole fiscal philosophy.

Favors of unduly restricted
competition to special interests
behind tariff protection are
economically unjustifiable as
they are morally unjust. Fair
play for any one class of the
community involves fair play
for all. That is, in essence, the
tariff doctrine preached to the
Government by the farmers. It
combines real patriotism with
sound economics.

The facts and figures pre-
sented in support of the fiscal
arguments are deserving of the
consideration of every person
concerned in the main problem
of Canadian politics at the pres-
ent time.

Referring to the combination
of interests which has taken
place, the deputations said:
"The outstanding economic
fact in the last few years in
our country is the consumma-
tion of a large number of in-
dustrial amalgamations. In a
four years previous to Jan.
1913, 56 industrial mergers were
negotiated, with an aggregate
authorized capitalization of
\$456,938,200. The 56 amalgama-
tions absorbed 248 individual
companies.

"This consolidation of indi-
vidual companies into combina-
tions and combines into trusts,
the further effect of centraliz-
ing capital and power in the
hands of a few individuals.
By an interlocking of Directors,
the same men control our bank-
ing institutions, our loan com-
panies, our insurance com-
panies, our transportation com-
panies, and industrial institu-
tions. It is stated on good
authority that Canada's econ-
omic structure is in control of
about 25 Capital Directors who
are members of 80 of the 121
corporations of Canada having
a capitalization of \$560,000 or
over.

How serious have been the
efforts of some of these com-
bines and trusts which by the
monopoly they have secured can
dictate to the producer the
price at which he must sell, and
fix for the consumer, the price
at which he must buy, will be
apparent from the following
statements contained in the
farmer's memorial and which
derive an added significance be-

cause of the source from
whence they come. They are
all important as showing where-
in taxation on food, operates to
the detriment of both producers
and consumers and helps to in-
crease the high cost of living to
both.

"The average price paid farm-
ers for tomatoes last year at
Ontario factories was 30 cents
per bushel. In some cases the
price ran as low as 27 cents. It
is stated that a bushel of
these tomatoes will, under ordi-
nary conditions, fill ten cans,
the price of which to the con-
sumer in Western Canada is 20
cents per can."

"The farmer in the Western
Provinces sell their wheat at a
little more than 16 per lb., the
consumers pay 25 per lb. for
flour. Hogs sell around 7 1/2
cents, consumers pay 20 to 25
cents per lb. for bacon and ham.
Oats sell for less than one cent
per lb., oatmeal costs 3c."
The delegates of the organized
farmers declared that the
defeat of reciprocity, had in the
past two years brought not
only to the grain growers of
Western Canada, but to all
classes throughout the Domi-
nion, a realization of the econ-
omic wisdom of giving greater
freedom to producers and con-
sumers to buy and to sell in
the best market.

The following are some of
the facts by which their state-
ments were supported:

"Expansion in farming opera-
tions has ceased. Less than
100,000 acres has been broken
in 1913, as against an estimate
of 400,000 two years previous;
and this in the face of the fact
that upwards of half a million
immigrants have been brought
into that Western country
within the last three years."

"The last two years have de-
monstrated that Western farm-
ers are not going to continue
to grow crops at a loss. They
cannot grow grain at a profit
in large quantities without
other markets and alternate
route for shipment. So long
as our grain is forced to go for

WHY not give your kid the same training?

"When I was growing up, and came upon many words in my studies, that I did not understand, my father, instead of giving me the dictionary when I applied to him, naturally sent me to the dictionary to learn it, and in this way I gradually learned many things before the coming of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there would be in the use of the dictionary. Afterwards, when I went to the Victoria school, my chief diversion, after lessons were finished, was before they were read, was in turning over the pages of the 'unabridged' of those days. Now this most modern unabridged—THEY WERE INTERNATIONAL—gives me a pleasure of the same work. So far as my knowledge extends, it is at present the best of the same work, and quite sufficient for all ordinary use. From those who possess the splendid dictionary, several values will get out of it, a great convenience to have this, which is so compact, so full, and so trustworthy as to have, in most cases, little to be desired."—Albert B. Cook, Ph.D., LL.D., and President of the English Language and Literature, Yale Univ. April 28, 1911.

5,000 FACTS ABOUT CANADA

Do you know Canada? A novel and unique piece of information is found in the popular booklet, "5,000 facts about Canada," just issued for 1914, and compiled by Frank Yeigh, the well-known statistician authority on things Canadian. This new edition shows marked advance over previous issues in an increase of new data, a handsome cover, a revised map and improved paper. The publication contains all the essential facts of Canada's progress in a year, under such chapter heads as Agriculture, Area, Banking, Census, Mining, Manufacturing, Trade, etc., while striking tables of comparison present a measuring rod of our national development. Its wide circulation is easily understood when its value is realized, for it projects the Dominion in a nutshell a ready reference encyclopedia of facts and figures. It may be had by sending 25 cents to The Canadian Facts Publishing Co., 288 Huron St., Toronto, or from news dealers.

export through one channel that leads itself so readily to the manipulation of grain speculation, and the imposing of excessive freight charges by combinations of transportation companies, we need look for no great increase in production. "In four years, 1908 to 1911, when the growth of the West was at its height, the area increased from 8,312,950 acres in 1908 to 17,888,117, in 1911. The next two years showed a decrease of 1,250,017, and it remains with the Government to say whether we revert to this rapid growth of the decade ending 1911, or remain as we have

since."

As producers of food stuffs, the farmers declared their willingness to face the competition of the world without any adventitious tariff aid. They emphasized, however, the cumulative evil effect of a protective tariff maintained without regard to economic production in Canada. It was urged that these conditions created special interests—either manufacturing, transportation or middlemen—to profit at the expense of other classes of the community. The time had come for some prompt measure of remedial tariff legislation.

The following is the language in which the farmers preferred their request: "We submit that the wider markets afforded us by the acceptance of the offer of the United States for free interchange of

Stomach Health Or No Cost To You

Very likely others have advised you to use Rexall Dyspepsia Tablets, because scores of people in this community believe them to be the best remedy ever made for dyspepsia and indigestion. That is what we think too, because we know what they have done for others, and what they are made of. We have so much faith in them that we urge you to try them at our risk. If they don't help you, they won't cost you a cent. If they do, all that you want them to do—if they don't restore your stomach to health and make your digestion easy—just tell us and we will give back your money without a word or question.

Containing Pepsin and Bismuth, two of the greatest digestive aids known to medical science, they soothe the inflamed stomach lining, help in the secretion of gastric juice, check heartburn and distress, promote regular bowel action, and make it possible for you to eat whatever you like whenever you like, with the comforting assurance that there will be no bad after-effects. We believe them to be the best remedy made for dyspepsia and indigestion. Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c and \$1.00. For Beautifying Your Hair

The Ladies in this Town are Simply Going Wild over Harmony Hair Beautifier. And no wonder, because to make the hair lustrous, soft, and silky we believe there's nothing else and we sell about all the various hair preparations made—that anywhere near comes up to Harmony Hair Beautifier.

Ask any one of the many women in this town who use it—she'll tell you she "loves" it. Just look at her hair, and you'll come to us and get some yourself.

HARMONY HAIR BEAUTIFIER

Is just what its name implies.—Just to make the hair glossy, lustrous, more beautiful.—Just to make it easier to dress, and more natural to fall easily and gracefully into the wavy lines and folds of the coiffure.

It leaves a delightful fresh and cool effect, and a lingering, delicate perfume. Will not change or darken the color. Contains no oil, therefore doesn't leave the hair sticky or stringy. Simply sprinkle a little on your hair each time before brushing it. But first, make sure that your hair and scalp are clean, by using

Harmony Shampoo

—A liquid shampoo to keep the hair clean, soft, smooth and beautiful. It gives an instantaneous, rich, foaming lather, penetrating to every part of the hair and scalp. It is washed off just as quickly, the entire operation taking only a few moments. It leaves no lumps or stickiness.—Just a refreshing sense of cool, sweet cleanliness.—Just a dainty, pleasant and clean fragrance.

—Both in odd-shaped ornamental bottles, with sprinkler tops.

Harmony Hair Beautifier, 81.00. Harmony Shampoo, 50c.

Both are guaranteed to please you, or your money back.

These Stage Beauties Endorse Them

There is no class of women who have better use to discriminate in the use of things to make them more beautiful than actresses. Among the many celebrated stage beauties who use and enthusiastically praise both Harmony Hair Beautifier and Harmony Shampoo are:

ETHEL BARRYMORE Star in "Peter Pan" Theatre, New York.
KELIE PERGUSON Star in "A Strange Woman" Lyceum, New York.

natural products would have the same effect in stimulating the raising of wheat, oats, barley and flax as free access to the United States market for cattle has already done for that line of farm enterprise. Not only because it would provide another market for grain, but also because it would provide a competitive route for transporting grain to Europe. We asked that all food stuffs be placed on the free list as we believe that the taxing of food is a crime against humanity.

The memorial of the deputations should be read in its entirety. It bristles with questions that must be answered, and with advice which cannot pass unheeded. The following are among its observations:

The sensible thing for the Canadian people to do is to stop borrowing money, pay for what we buy and produce for export to meet our obligations.

Whereas shall we tax the benefit of money invested in agriculture for the benefit of capital invested in manufacturing?

A few men become millionaires, while the masses become poorer; a few live in mansions, while many are forced into slums.

Manufacturing is unduly expanding, while the farming industry languishes because of being drained of its life blood.

Farmers do not object to pay their share of the cost of Government. They are willing to submit to any system that will be of equitable taxation, levied for revenue purposes only.

Tax exemptions in Toronto exceed \$60,000,000.

Give that Puny Child this Guaranteed Remedy

If your child is underweight, listless, illing, liable to get sick easily, it needs a medicine to build its weight and strength. For this purpose there is nothing else we know of that so strongly endorses as **Reckitt's Olive Oil Emulsion**. The remarkable success of this special medicine is due to the fact that it contains ingredients that tone the nerves, enrich the blood and furnish the entire system the strength, weight and health-building substances it needs. And it does all this without injuring the stomach. In fact, **Reckitt's Olive Oil Emulsion** is not only pleasant to take, but even the most sensitive stomach is benefited by it, and the digestion improved. On the other hand, it contains no alcohol or habit-forming drugs, which most parents object to giving their children. It does its good work by taking hold of the weakness and builds the body up to its natural strength, at the same time making it strong to resist disease.

If **Reckitt's Olive Oil Emulsion** doesn't build your child up, feed the stunted, puny muscles, and make the little one lively, strong, well, and full of the animal spirits children are meant by nature to have, come back and tell us and get your money back. We don't want you to lose a cent. We think this is no more than fair, and it leaves you no cause to hesitate. For all people also—for convalescents—for all who are nervous, tired-out, run-down, no matter what the cause—we offer **Reckitt's Olive Oil Emulsion** with the same guarantee of entire satisfaction or money back. Sold only at the 700 **Reckitt's** Stores, and in this town only by or in **R.L.O. Suggett Bros., Mirror, Alberta.**

Weed Conventions

The Department of Agriculture, Alberta, has made arrangements to hold three Weed Inspectors Conventions at the following places and dates:—
Calgary, March 3 and 4th
Olds, March 5 and 6th
Vermilion, March 12 and 13th.
The railway transportation will be paid by the Agricultural Department for one Inspector from each Rural Municipality or Local Improvement District, providing the council of said district intend to control the weeds within their boundaries. All government inspectors will be requested to attend. The purpose of these conventions is to take up the identification and eradication of all noxious weeds and a general uniformity of inspection work.

Twelve Seats For Prov. of Alberta

Ottawa, Feb. 11.—The anxiously awaited redistribution bill was introduced in the house Tuesday by Premier Borden and received its first reading.

Twelve seats will be the number allotted to Alberta under the new act. The number of seats to be given to each province was enumerated, but that for the province of Prince Edward Island was left blank for the committee to deal with.

S. BUFFALO LAKE

Mrs. J. H. Sorum has been on the sick list for the past week, with a bad sore throat that developed into a case of tonsillitis. Under treatment by the Alix medicine man, we are pleased to report that she is improving steadily.

Your correspondent about a month ago mentioned the loss by G. J. Estell of a valuable Poland China boar, that he had imported from Manitoba at considerable expense. We are informed that Mr. Estell received another one last week imported from Stony Mountain, Man. also. Mr. Estell evidently went stay behind, even when Dame Fortune deals him a hard cruck.

Messrs. O. J. M. O. and J. H. Sorum, R. E. Fell and R. Fugh delivered hogs to Mirror on the 11th inst. Mr. Beamish, the buyer there, thought the S. B. L. hogs extra fine. Mirror seems to be rapidly becoming a hog centre.

E. H. Fell paid a hurried visit to Mirror recently, and returned with a barrel of spirits, investigation showed it however to be "greenish" not whiskey. Keep in mind Estell's auction sale on March 2nd, next.

Mrs. W. J. Kallac and Misses Mary and Arley left on Thursday of last week for a visit in Edmonton. Master Eddie is at present attending high school in Wetaskiwin.

The annual meeting of the Mirror Library Club will be held in the Library building, on Friday evening, Feb. 20th, 1914, at 8.30 o'clock.

Two Irishmen died, so the story ran, one went to heaven and the other didn't. Mike called down to Pat: "What are you doing, Pat?" "Shovelling coal," "Are you working hard?" "Not very; we just shovelled work only three hours a day. What are you doing up there in Havin'?" "O'm sweepin' the golden stairs." "Are you work-
